## CLYBOURNE PARK

**DATE:** Wednesday 18 September, 7.30pm

**TICKETS:** £16 / Concession £14

### MOTHERWELL THEATRE

Rapture Theatre is proud to present an exciting new production of the critically acclaimed modern American classic, Clybourne Park, by Bruce Norris.

The Pulitzer Prize and Tony Award winning play is a razor-sharp satire about the politics of race.

In 1959, Bev and Russ are moving after the tragic death of their son. Inadvertently, they have sold their house to the neighbourhood's first black family, which causes ripples of discontent among the cosy white urbanites of the local area.

Fifty years later, in 2009, the roles are reversed when a young white couple buys the same house in what is now a predominantly black neighbourhood.

In both instances, a community showdown takes place, pitting race against real estate with this home as the battleground. Are the issues buried beneath the floor boards actually the same fifty years on?

Acclaimed by UK critics and audiences alike since its debut in 2009, Clybourne Park has also been awarded Best Play at both the Olivier and the Evening Standard Awards.

On 9th February 1961, The Beatles made the first of their 292 appearances at the now legendary Cavern Club in Mathew Street, Liverpool.

The show is a magical history tour through the works of the greatest pop music phenomenon. Replicating, in both sight and sound, the excitement and energy of Beatlemania, the psychedelic era of Sgt. Pepper, and the creative masterpieces of The White Album and Abbey Road.

Four costume changes and lighting scenes compliment the changes in musical complexity as the show develops to its climax.

The band is one of only a handful worldwide, which executes their entire show completely live with just the four musicians. There are absolutely no backing tracks or tapes used in the performance.

The band's cast members, as well as being talented instrumentalists and singers, are hugely dedicated Beatles fans, intent on recreating their individual character on stage. Their uncanny vocal resemblance to the Fab Four is due to their upbringing in the same place, Liverpool.

With their widespread appeal being more apparent than ever in the varying age groups that continue to follow the band, The Cavern Beatles are widely regarded as being as close to the real thing as they are ever likely to get.

The Celticade stretched from the Campsie Fells to the Pyrenees, rolling like a green carpet across Europe. Those who couldn't afford the plane travelled on slow boats and long-distance lorries, in battered vans and buses, on rusty bikes and blistered feet, in used cars and trains that never ran on time.

A full cast of ten, plus live band, recreate the humour, passion and occasional calamity that accompanied a Glasgow & District XI showing Europe's finest how the beautiful game should be played.

A Play of Two Halves by Ian Auld and Willy Maley, performed as a rehearsed reading with live music, by musical Director Dave Anderson. The play was updated, adapted and directed by Martin McCardie.
