

## Colzium Nature Trail

Enjoy a walk around the grounds and use the clues on this sheet to find some common creatures. Learn more about them on our information boards which you will see in the gardens. Can you spot all ten? To help you keep track, tick the box when you find one!

1/ Discover this slimy creature hiding under stones.

2/ Look for this 8 legged creature sitting upside down on its home made of silk.

3/ This brightly coloured insect works very hard collecting pollen.

4/ You will probably see lots of these busy little insects running around looking for food.

5/ Watch closely for this creature on walls. Its grey back resembles a suit of armour!

6/ Everyone's favourite beetle. Can you count the spots on its back?

7/ You will have to sneak up on this alert creature. They have large ears and excellent eyesight. You may just glimpse their little white tails as they run to their burrows.

8/ The bright colour of this yellow and black insect warns others of its sting.

9/ Watch out for these beautiful insects warming their wings in the sunshine ready to take flight.

10/ Can you look closely enough to spot this tiny insect as it hides in its protective foam?
