Glitz and Glamour
The Golden Age of Cinema in Scotland

Front cover image 'The Castlemilk Lads', © Oscar Marzaroli Collection, courtesy of Street Level Photoworks and Glasgow Caledonian University

We have an exciting programme of temporary exhibitions on offer in venues across North Lanarkshire, including national touring exhibitions.

View the work of one of Scotland's most notable documentary photographers, Oscar Marzaroli and be inspired, closer to home with the creativity in our very own communities with a postal art exhibition.

There's fun for all the family. Join us to celebrate the 50th anniversary of the last person to walk on the moon, explore the rooms of a 'House of Danger' in our RISK exhibition and get your popcorn ready and immerse yourself in the glamour of cinema's golden age! Later in the year, there's an exciting magical winter wonderland to get you in the festive spirit.

Bellshill Cultural Centre

Roger McNulty **The Craig and Beyond** **24 June - 8 August**

North Lanarkshire Arts is delighted to host an exhibition by Roger McNulty, which is concerned primarily with Steelmaking; including its dramatic processes, the transient and global nature of its production, and the scientific research into utilising its waste product 'slag' to assist in the battle against global warming. The work in the exhibition uses paint, metallic powders and metal on canvas to express the physicality of the materials, the labour involved, the concentration required and the dramatic nature and urgency of the activity.

Roger McNulty's practice incorporates a range of different media including painting, video and sculpture. Now living and working in Essex, this particular exhibition is painting based and derives from his early life

in Craigneuk, North Lanarkshire, and his subsequent employment with the British Steel Corporation.

"Having lived in the shadow of the Craig and its dramatic effects on the verge of the fertile Clyde Valley, provides a constant source of vivid memories".

Roger has a BA in fine Art from Central Saint Martins, University of the Arts London. He has worked and exhibited widely in the UK and Asia.

For sales and/or other enquiries please contact the Arts Development Office on 01236 856228.

Motherwell Concert Hall & Theatre

Symbiotic Modernism

8 July – 19 August

Glasgow based artist Ally Wallace works across a range of disciplines, including sculpture, installation, drawing and video, to create artworks in response to chosen locations. His works are often exhibited in the spaces to which they relate.

For his project at Motherwell Concert Hall, he exhibits a series of sculptures and photographs which reflect his interest in Modernist architecture, of which Motherwell Concert Hall is a fine example. The

photographs, exhibited in the café, are of his own Brutalist-inspired sculptures positioned outside against the backdrop of the Concert Hall, with the sculptures themselves exhibited in the foyer. The architecture of the building and responding sculptural pieces together create an interesting interplay which forms a re-presentation of the work (photographically) in the café exhibition space.

North Lanarkshire Heritage Centre

Waiting for the Magic

The Photography of Oscar Marzaroli

29 January - 2 May

An exhibition of work by one of Scotland's most notable documentary photographers.

Marzaroli's photographs and films of Glasgow from the 1950s through to the 1980s capture a period of enormous change with images of people going about their lives in the city, at work and at leisure. Many of the black and white images depict children playing in the streets, and many simply capture the city in bygone days.

Some of his most well-known images detail Glasgow's Gorbals community in the 1960s. Many of Marzaroli's photographs of Glasgow are instantly recognisable, such as 'The Castlemilk Lads' or 'The Golden Haired Lass'.

An extensive range of subject matter is embraced across the broad themes of People and Places and The Gorbals, with sections devoted to Industry and Rural Scotland, as well as some of the personalities he captured. The exhibition also features images of Ravenscraig Steelworks in its heyday.

This is a Street Level Photoworks touring exhibition. All images are part of the Oscar Marzaroli Collection©, courtesy of Street Level Photoworks and Glasgow Caledonian University.

Delve into our weekend and holiday programme for a selection of themed children and family activities, including traditional street games, photography fun, and black and white arts and crafts. Visit **[What's on at North Lanarkshire Heritage Centre](#)** for more information.

School groups welcome.

The Moon- Discover our nearest neighbour **21 May - 17 August**

Join us to celebrate the 50th anniversary of the very last person to walk on the moon.

Humans have gazed up at the Moon for millennia - now you can come a little closer to our nearest neighbour with this stunning exhibition.

See real Moon rock, discover the science and mythology behind our nearest neighbour; re-live historic moments in lunar discovery and exploration; and discover 5,000 years of mankind's fascination with our celestial neighbour, from the Stone Age to the Space Age.

Did you know a Russian robot landed on the Moon before the American astronauts? Have you ever wondered why a cow jumped over the Moon in nursery rhyme? Does moonlight really make you go mad? Discover all this and more in this fascinating exhibition suitable for all ages. A national touring exhibition by Bespoke Scientific.

Join us for a summer of family fun, learning about the moon and outer space. Look out for our summer programme of space themed events, crafts, and science activities. School groups welcome.

“Whoa... yeah, wait a minute Mr Postman”

3 September - 29 October

North Lanarkshire Arts is delighted to present an exhibition showcasing some of the fantastic work produced as part of the Postal Art Project. This innovative and creative project took place in the Autumn/ Winter of 2021 as a direct response to Covid-19 and the effect of the ongoing pandemic within North Lanarkshire.

The aim of the project was to bring creative activity to the community, which was interesting, thoughtful, inspiring, and accessible, especially to those who were more vulnerable and who may not have been able to easily participate in local arts activity.

Several themes surfaced because of the artist/participant interaction, care in the community, the NHS, ageing, isolation and loneliness, empathy and generosity, family, and friends. We hope that this exhibition is as thought provoking and engaging for viewers as the project was for all of those directly involved. We think the resulting work speaks volumes on a time in history no-one is likely to forget.

Winter Tales

26 November - 28 January 2023

An enchanting winter exhibition for families and younger visitors; featuring illuminated play boxes, a chance to dress up and drive a big wooden steam train, and find some pesky mice hiding in the exhibition. In the lead up to Christmas pre-booked groups will have the chance to visit Mr Christmas and there will be seasonal storytelling and Christmas craft sessions.

Visit our website or contact the learning team for more information about workshops and activities.

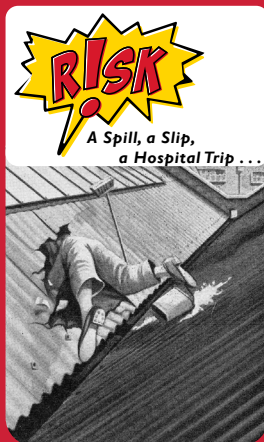

Summerlee Museum of Scottish Industrial Life

R!SK

19 March - 5 June

A spill, a slip, a hospital trip. Oh dear! The world around us can be a hazardous place but over the years people have come up with clever ways to protect themselves.

We look at the sometimes hidden dangers in and outside the home in this fun, interactive and educational exhibition for all the family. See how people protected themselves in the past – did we really take such risks? Explore the rooms of a crazy house where danger lurks around every corner - how many will you spot?

School Workshop available for P1-4 (HWB16a)

Visit the R!sk exhibition at Summerlee museum with your class and learn about safety at work, examine historical artefacts relating to risk and protection and help the children discuss ways to stay safe at work, school, and play.

Workshop duration 90 mins, cost £44. Contact the Learning And Access Team on 01236 638352 for more information.

Glitz and Glamour The Golden Age of Cinema in Scotland 30 June - 23 October

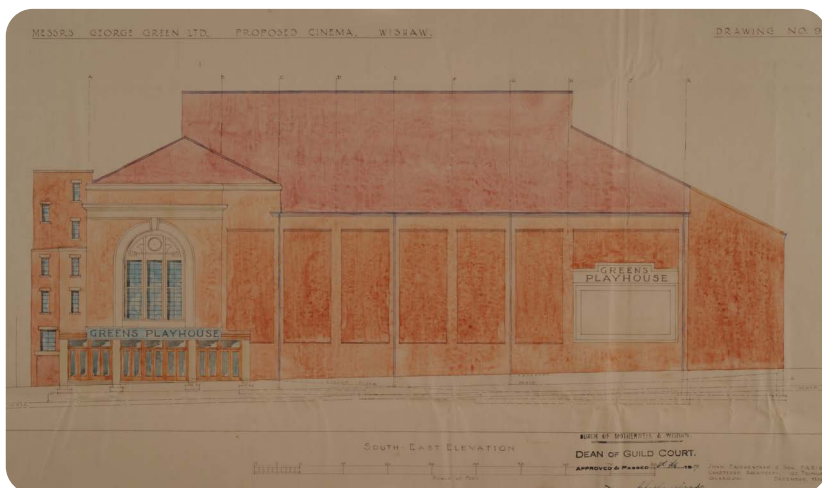

From stars of the silver screen to uniformed doormen and usherettes selling ice-cream, going to the pictures infused a taste of Hollywood into Scottish lives during the twentieth century.

This colourful exhibition showcases artefacts from Scotland's largest cinema collection, from picture house furnishings and vintage vending trays to ushers' uniforms, film posters and movie magazines. Vibrant visuals, archival film footage and audio clips from former picture-goers make this a treat for the senses, so take a trip down memory lane and immerse yourself in the glamour of cinema's golden age!

Includes children's activities and free film screenings. Cinema Memories loan box available, plus extra activities at weekends and during school holidays – call 01236 638352 for details.

Activities for families every weekend and during the school holidays. Cinema loan boxes for school and reminiscence available. See culturenl.co.uk/summerlee for details.
